New Delhi-1, the 21st May 1955

No. 1-CA(1)/54.—In exercise of the powers conferred by sub-section (1) of Section 30 of the Chartered Accountants Act, 1949 (Act XXXVIII of 1949), the Council of the Institute of Chartered Accountants of India has made the following amendments in the Chartered Accountants Regulations, 1949, the same having been previously published and approved by the Central Government as required by sub-section (3) of the said Section.

In the said Regulations:

I. In Regulation 13, after the words "on an application" and before the words "received in this behalf", insert the following words, namely:—

"in Form 'B-1' of the Schedule".

II. In Regulation 22, under the heading Paper (ii) of Group I, after the words "Elements of Machine Accounting" add the following words, namely:—

"Government System of Accounting".

III. In Regulation 32, in the first paragraph, after the words and figures "under Regulation 39" and before the words "be entitled" insert the following words and figures, namely:—

"or Regulation 42A(9)".

IV. In Regulation 32, the following further proviso shall be added, namely:—

"(vi) Provided further that a member who ceases to be in practice or gives up paid employment under a Chartered Accountant or a firm of Chartered Accountants, and who at the time of such discontinuance of such practice or such paid employment has one or more articled clerks serving under him, shall not be eligible to take any articled clerk if subsequently he sets up practice or takes up paid employment under a Chartered Accountant or a firm of Chartered Accountants, until such time the articled clerk or clerks who were serving under him previously complete the period under articles intended to serve under him, had he not given up such practice or such paid employment hereinbefore referred to."

V. The following sub-regulation shall be added at the end of Regulation 36, namely:—

"(4) The Council may, on receipt of or being in possession of any information against any person proposing to enter into articles, decline to register his articles without assigning any reasons, if the Council is satisfied that it is not desirable to allow him to enter into articles. The decision of the Council shall be final and conclusive."

VI. In Regulation 41A, for the words "the deed of articles entered into by him" occurring after the words "in excess of the period allowed under" and before the words "shall be required", substitute the following words and figures, namely:—

"Regulation 41B".

VII. At the end of Regulation 41A, and before Regulation 42, insert the following new Regulation, namely:—

"41B. *Leave of absence for articled clerks.*—The articled clerk will be entitled to leave calculated at one-sixth of the total period of his articles. However, he will ordinarily be allowed leave of absence only for a period aggregating to not more than one-sixth of the total period served under articles till the time the leave is availed of, but the employer may, at his discretion, grant leave in excess of such period, subject to such excess leave being set off against the leave earned by subsequent service.

Provided that the articled clerk who has served as an audit clerk immediately prior to the commencement of his articles, may, in addition to the leave of absence allowed under this Regulation, be allowed leave of absence upto a period aggregating to not more than one-half of the accumulated leave earned by him as an audit clerk, subject to a maximum period of two months.

Explanation.—This Regulation shall apply to all articled clerks who have not completed the period under articles till the time of the commencement of this Regulation, notwithstanding anything contained in the deed of articles entered into by them and registered with the Council or Government of India."

VIII. In clause (b) of sub-regulation (1) of Regulation 42A, after the words and figures "of Regulation 31", add the following, namely:—

"or the First Examination under the Auditor's Certificates Rules, 1932, or under these Regulations".

IX. The following proviso shall be added at the end of sub-regulation (8) of Regulation 42A, namely:—

The decision of the Council shall be final and conclusive."

X. In Regulation 42A, for the existing sub-regulation (8), substitute the following, namely:—

"(8) The audit clerk may not be allowed leave of absence aggregating to more than one-sixth of the total period of his audit service. For the purposes of calculating the period of audit service referred to in Regulation 31 and Regulation 31A, any leave granted in excess of one-sixth of the total period served shall not be recognised as audit service. Such leave of absence may ordinarily be granted to an audit clerk only for a period aggregating to not more than one-sixth of the period served till the time the leave is availed of, but the employer may, at his discretion, grant leave in excess of such period, subject to such excess leave being set off against the leave earned by subsequent service.

Provided that the audit clerk who has served as an articled clerk immediately prior to the commencement of his audit service, may, in addition to the leave of absence allowed under this sub-regulation, be allowed leave of absence upto a period aggregating to not more than the accumulated leave earned by him as an articled clerk, subject to a maximum period of two months.

Explanation.—This sub-regulation shall apply to all audit clerks who have not completed the required period of audit service till the time of the commencement of this sub-regulation."

XI. The following sub-regulation shall be added after sub-regulation (8) of Regulation 42A, namely:—

"(9) In the event of any complaint of misconduct or breach of sub-regulation (4), being made against any audit clerk, the Council may, if it is satisfied after proper investigation that the complaint is proved, direct the cancellation of, or extend the period of the audit service or direct that any period already served as audit service shall not be reckoned as such service for the purpose of Regulation 31 or Regulation 31A. A person whose audit service has been cancelled under this sub-regulation, shall not, except with the permission of the Council, be retained or taken as audit clerk by a Member of the Institute.

If the audit clerk makes a complaint against his employer to the Council, the Council shall cause the necessary enquiry to be made in the matter and take suitable action thereon in the event of the complaint having been found justified.

Provided, however, the President may order, pending investigation of the complaint, either termination or suspension or continuation of audit service."

XII. In Regulation 62-H, after clause (ii), the following clause shall be added, namely:—

"(iii) The Regional Councils shall at all times function subject to the control supervision and direction of the Council and/or any of its Standing Committees".

XIII. No. F.25-2/54-LS.—In accordance with the laws of the countries importing animal casings and guts, particularly the U.K. and the U.S.A., the exporting country is required to certify that animals from which meat or meat products are derived, receive ante and post-mortem inspection in accordance with certain standards and that all necessary precautions are taken in the preparation and packing of meat or meat products so as to prevent danger to public health. The rules and regulations at present in force in India do not seem to conform to these requirements.

The Animal Husbandry Wing of the Board of Agriculture and Animal Husbandry therefore examined this question in their last meeting at Poona in March, 1953, and recommended the setting up of an *ad hoc* committee to look into the existing standards of meat inspection prevalent in the various States and other cognate matters.

2. The Government of India have, accordingly, decided to set up an *ad hoc* committee to:—

- (i) (a) examine the existing slaughter houses and meat inspection practices; and
- (b) to make suitable recommendations for the purpose of ensuring arrangements in such States as possess or could provide the necessary facilities for ante and post-mortem examination carried out by veterinarians so as to conform to the regulations of the U.K., the U.S.A., etc.
